

Tyre and Rim Insurance Guide

Don't let punctures get you down

Tyre & Rim will pay for the repair or replacement of your tyres or rims, up to the maximum amount or period stated in the policy wording.

What is Tyre & Rim Insurance?

Tyre & Rim Insurance makes provision for damage to your car's tyres and rims as a result of punctures, blowouts or damage suffered from road hazards, such as roadside kerbs, potholes and road debris.

Tyre & Rim Insurance does not provide for things like windscreen damage, stone chips or scratches on your dashboard. We have a RenewTech Policy for that.

How do you benefit?*

- No unexpected repair costs
- Road hazard and pothole damage repair
- No excess on claims made
- Roadside Assistance

Your car or motorcycle qualifies for Tyre & Rim Insurance if:

- It has comprehensive insurance cover
- It is no older than 2 years and has travelled less than 40 000 km
- It is in a roadworthy condition and subject to an inspection by an approved service provider
